12K SCISSOR

PROFESSIONAL SERVICE EXCEPTIONAL VALUE

The John Bean® 12k Scissor Lift is ready to meet the needs of shops that regularly perform alignment services.

The lifting capacity can hoist up to 12,000 pounds with power from four heavy-duty cylinders, while the extra-wide 24-inch runways can easily accommodate larger vehicles.

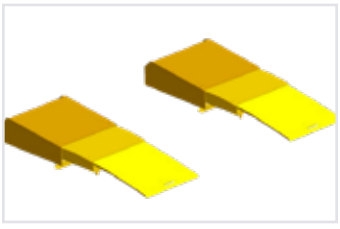

Hydraulic equalization and full-support integrated rear synchronization bar deliver repeatable smooth level lifting. Flush-mounted rear slip plates include heavy-duty encapsulated bearings to ease rear alignment adjustments.

The approach ramps can be extended up to 87-inches for loading lower-profile vehicles and retract to 35 inches when not in use.

For alignment professionals who need power and productivity, the John Bean 12k Scissor Lift is the ideal tool for the job.

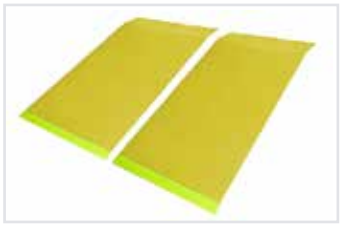

Be FAST

SCISSOR
ALIGNMENT LIFT

RETRACTABLE RAMPS

Approach ramps expand to 87 inches to accommodate low-profile vehicles and retract to 35 inches to save space when not in use.

DRIVE-THROUGH OPTION

Equip your lift with an extra set of ramps that allow vehicles to exit from the front without resorting to backing up.

FLUSH OR SURFACE MOUNT

Maximize your available workspace with a flush-mount installation that can recess right into your shop floor when not in use.

ALI CERTIFIED

Our lifts are certified in accordance with the requirements of the Automotive Lift Institute's ETL Certification Program.

WHEN GOOD ENOUGH ISN'T ENOUGH, JB.
