

T5325B 2S

CORE FEATURES PROFESSIONAL SERVICE

Built to get the job done, the John Bean® T5325B 2S combines all the helpful features you need to change tyres the right way.

Practical and simple to use, the T5325B 2S offers a tilt-tower design that provides ample clearance to load tyres onto the turntable. The T5325B 2S is equipped with PROspeed™ technology to automatically monitor torque and maintain optimum rotational speed while ensuring the safety of the tyre. Ergonomic and effective, the pedal-operated on-floor bead breaker makes quick work of traditional and high-aspect tyres. Pneumatic bead assist utilises a three-piece design that allows a single technician the ability to mount and demount challenging low-profile tyres. Simple to operate, yet highly effective, the top-side bead seater utilises compressed air to seal the tyre to the rim.

The T5325B 2S provides all the advanced features you need for your tyre changing service.

TILT-TOWER TYRE CHANGER

TILT-TOWER

The pneumatic Tilt-Tower post provides maximum clearance for installing the tyre on the turntable.

PROspeed™

The innovative self-adjusting technology provides the optimum torque and maximises the rotation speed for safe, efficient operation.

ON-FLOOR BEAD BREAKER (PEDAL-OPERATED)

Traditional side-shovel bead breaker with ergonomic pedal-control positioned away from the shovel; the fastest solution for standard, soft sidewall, and high-aspect tyres.

TOP-SIDE BEAD SEATER

This ergonomic hand-held nozzle injects a high-speed blast of air into the tyre to raise the bead and seal the tyre to the rim.

WHEN GOOD ENOUGH ISN'T ENOUGH, JB.
