STANDARD MOT BAY

CLASS IV, CLASS VII

The John Bean® Standard MOT Bay is the entry level package that allows you to become a fully operational, DVSA-approved testing station.

This option is part of our comprehensive range of equipment and allows your business to move into MOT testing on a budget.

Should you wish to upgrade your MOT Bay to an Automated Test Lane at a later date, we have that option available.

As expected with all John Bean products, our standard MOT Bay provides a quality product with the service and support that you expect.
